

Melissa

SPECIALIZING IN

Biology, Chemistry, and Physics

www.allabouttutoring.com

Melissa is a Master of Teaching student and a teacher candidate from U of T OISE. She has experience tutoring and teaching a diverse group of high school students ranging from TDSB to the highly academic UTS private school. She is a recent graduate from the University of Toronto and obtained her Honours Bachelor of Science degree, with a double major in human biology and molecular biology.

She graduated with a 3.8 GPA so she is very knowledgeable in the field of science, coupled with her experience working as a teaching assistant at U of T, she has all the learning skills and tips that can help students succeed in one of the world's highest-ranking universities. She will be a certified teacher in Ontario next year after she graduates from her Master of Teaching program. Some of the subjects that she can teach are K-12 Biology, K-11 Chemistry & Physics, K-10 Math, Cantonese, and Mandarin.
